

CMM

CO-ORDINATE MEASURING MACHINE & METROLOGY SERVICES

PANEL GRAPHIC CNC CMM & METROLOGY

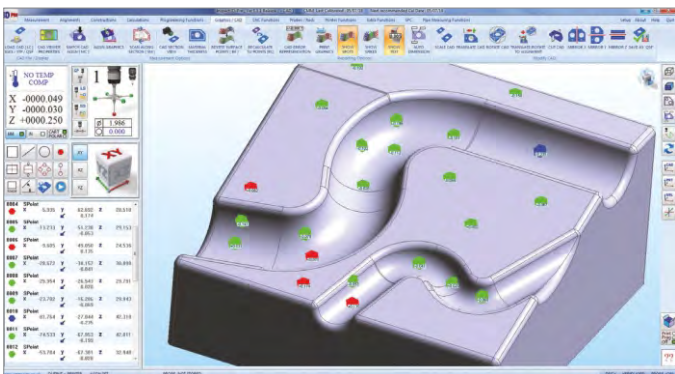

With decades of experience in precision manufacturing - producing components across many sectors including Automotive, Aerospace, Medical and Military, Panel Graphic fully understand the rigours of Quality Management and stringent specification.

PROTECTING YOU - PROTECTING YOUR CUSTOMER

As manufacturing becomes increasingly refined and parts are made more complex, the requirement for accurate and precise measurement services becomes progressively mandatory. With **Panel Graphic CMM Services** you will get direct access to experienced professionals who can assist you at every stage of the measurement process. Utilising a collaborative approach to ensure we deliver exactly what you need - a **cost effective solution** to assist with both production and quality.

BENEFITS OF USING PANEL GRAPHIC CMM SERVICES

- Verification of product quality
- Simple cost effective solution
- 3D inspections
- Tool certifications
- CAD comparison
- Reverse engineering
- Dimensional analysis
- Fast lead-times

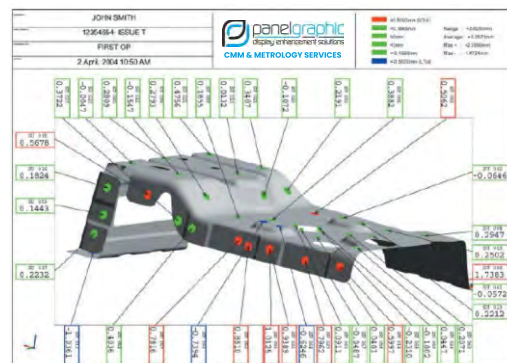

Latest Inspect3D-PRO geometric measuring software.

Why sub-contract your metrology? The costs involved in equipment, floor space, temperature controlled environment, training, servicing, calibration and certification can be prohibitive. You may only have a few select projects with CMM requirements or you have experienced a quality issue that requires dimensional analysis to assist within your QMS for Action Reports or 8D reports. **Panel Graphic** is perfectly placed to offer the cost effective solution.

EQUIPMENT

The Quantum 4 is a highly accurate CNC Co-ordinate Measuring Machine designed and manufactured in the UK using the latest computerised stress analysis to produce a rigid, stable and accurate CMM featuring Active Temperature Compensation and Renishaw MH20i Probe.

Fully bespoke measurement services and reporting to suit your requirements.

PRICING

Please contact our sales team with your specific requirements. Call: **01603 528028** or email: sales@displaywindows.com to receive your tailored pricing schedule.
